

Judy Phillips and her 14 professionally trained skin care technicians create visible magic at The Dermal Clinic. If you look good, you feel good, and the Dermal Clinic is where a healthy skin care program begins.

Healthy Skin for a Beautiful You

If you have facial lines, wrinkles, sun damaged skin, acne scars, dry or oily skin, enlarged pores, age spots or dark patches, The Dermal Clinic is your fairy godmother. Specializing in facials, deep pore cell renewal, acne treatment, peels, microdermabrasion and other skin-related services, the signs of aging magically disappear through improved skin appearance, enhancing one's natural beauty.

"I really believe if you look good, you feel good, and that raises one's self esteem," salon owner Judy Phillips says. "Our staff is professionally trained, caring and committed to our clients. The salon has been created in an atmosphere of peace and love, which embraces all who pass through our doors."

Individualized treatment plans, designed by professionally trained estheticians, is the first step to a new you. Unwanted imperfections ranging from aging or damaged skin to wrinkles, redness, sunspots and other blemishes, can be successfully treated, and many times reversed, through specific skin care regimens. "Our product line enhances the skin," Phillips says, "where over-the-counter products don't have the properties or strength to effectively treat many problem skin conditions. We also keep our prices affordable, to make products and services available to a broader clientele."

In addition to skin care, the salon also features experienced makeup consultants. Makeovers, color matches and makeup application are popular services, not only with brides and bridal parties, but clients ranging from teens to seniors. "We are seeing more couples and girlfriend groups coming in," Phillips says, "and our male clientele is also growing, because healthy skin is not restricted to women."

Other services include waxing, massage and on-line products purchase. Appointments are preferred but walk-ins are welcome. Gift certificates are available. For more information on skin care services, products, upcoming events and specials, visit www.dermalclinic.com.

For your new year's resolution, pamper yourself with a personalized skin care enhancement at The Dermal Clinic. It's the one resolution you'll be able to keep – because you'll love the skin you're in!
